

Early Brain Development Presentations

Brainwave has professionally trained presenters available to give presentations on early brain development.

Discover the amazing activities going on in a baby's brain – how it develops and the vital importance of the first three years of life.

TOPICS COVERED:

- How the brain develops from conception to age three
- How connections in the brain are formed during this time
- Critical periods for emotional control, learning and sight development
- How experiences, both good and bad, shape the brain
- How abuse, trauma and neglect change the way the brain forms, connects and functions
- How to promote healthy brain development and secure attachment
- Risk factors for poor life outcomes

SOME OF OUR AUCKLAND PRESENTERS

Judy Bailey

Judy dedicates much of her time, and skills in journalism and fundraising to Brainwave as a Trustee, Presenter and Advisor.

Sue Blair

Sue has been training and presenting to parents for over 10 years and is always rewarded by the many 'aha' moments that follow a Brainwave presentation.

Wendy Nelson

Wendy is a New Zealand Registered Nurse and has 28 years experience in paediatrics and holds a BSc (Hons) in Nursing Studies.

Sue Younger

Sue has a history as a documentary maker with a particular interest in health. She is now writing books and actively involved in Brainwave as a presenter and Trustee.

Anthea Springford

Anthea brings a strong background in business and organisational issues in her voluntary work as a Trustee & Treasurer for Brainwave Trust.

Simon Rowley

Simon Rowley is a neonatal paediatrician and his concern for the health and wellbeing of our children has led him to become a presenter for Brainwave Trust as well as a Trustee.
